Dear Partners and Sponsors

We invite you to be part of **Dementia Connect Basel**, a one-day, locally focused event bringing together researchers and healthcare professionals working in neurodegenerative diseases.

The event is designed to go beyond a standard meeting format by fostering direct exchange between clinical practice and research. Through a combination of a clinical site visit, short scientific presentations, and structured networking sessions, participants gain a shared platform for learning, discussion, and collaboration.

Researchers will gain valuable insight into clinical workflows, patient pathways, and the everyday challenges of diagnosis and care. In turn, healthcare professionals are introduced to new scientific approaches, emerging technologies, and the latest research developments in the field.

Your support helps make this unique exchange possible and strengthens the local ecosystem working to advance dementia research and care in Basel. It also connects you with a highly relevant, interdisciplinary network of professionals and institutions.

We invite you to explore the sponsorship opportunities and become part of **Dementia Connect Basel**.

Event overview

Location: Universitäre Altersmedizin Felix Platter, Basel

Date: 6 November 2026

Expected attendance: 30 – 60 professionals including researchers, clinicians (neurologists, geriatricians, psychiatrists), neuropsychologists, caregivers, stakeholders from industry, start-ups, politics and funding agencies.

Website: www.swiss-dementia-network.ch/events/dementia-connect-basel/

Program

Friday, 6 November 2026

Chair: Prof. Marc Aurel Busche, Universitäre Altersmedizin Felix Platter Basel

09:15 – 09:30 | Site visit registration

09:30 – 11:00 | Clinical site visit

Behind-the-scenes view of diagnostics and patient pathways, specifically for non-clinical researchers.

11:00 – 11:15 | Dementia Connect registration

11:15 – 12:00 | Biofluid biomarkers in Alzheimer's disease

Keynote lecture by Prof. Henrik Zetterberg, University College London

12:00 – 13:00 | Networking lunch

13:00 – 13:30 | Industry update

Short presentations from industry partners highlighting current innovations.

13:30 – 15:00 | Scientific exchange session

Short talks by researchers and healthcare professionals.

15:00 – 17:00 | Poster session combined with coffee break

Informal exchange over coffee, featuring poster presentations from researchers and healthcare professionals.

Why become a Sponsor?

Engage with an interdisciplinary community

Raise awareness for neurodegenerative diseases

Increase brand exposure with logo placement on communication materials

Position Switzerland as a leading global hub for dementia research

Support our mission to bridge dementia research, treatment and care

Sponsorship opportunities

Presenting Sponsor: 4'000 CHF

High-visibility branding across the website, event program and social media

15-minute speaking slot in the main scientific program

Exhibition booth

Recognition during the opening and closing of the event

Exhibition Sponsor: 2'000 CHF

High-visibility branding across the website, event program and social media

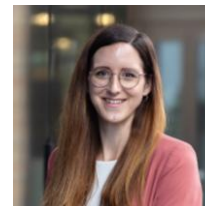

Exhibition booth

Recognition during the opening and closing of the event

Become a Sponsor

By becoming a sponsor, you play a vital role in bridging the gap between dementia research, treatment and care. Your support not only enhances your brand's visibility but also demonstrates your commitment to advancing innovation in the field.

Take the next step and contact us today!
